7.2.6. The Company may, in its sole discretion, at any time during the business relationship with the Company, request additional documents, including but not limited to the identification documents, proof of funds, evidence of your sources of funds, proof of ownership of the payment methods, as well as selfies with requested documents. Failure to provide us with these documents may constitute grounds for termination of your account, at our sole discretion.

7.3. Client Qualification

7.3.1 Pursuant to our regulatory obligations, we will require you to, during the account opening procedure, provide the necessary information to enable us to determine whether you have prior experience and/or knowledge of our products. If you are applying for a Professional Account, we must be satisfied that you meet the relevant wealth and/or Sophisticated Investor criteria. Please refer to our Wholesale Information Guide for information on the applicable criteria.

7.3.2. If you do not provide us with the information requested in the application process or if you provide us with incorrect or incomplete information, you will adversely affect our ability to correctly carry out our obligation and thus, you may be given access to Products that should not be provided to you.

7.4. Registration Approval

Upon the approval of your registration, you will be notified by e-mail to the address you have provided during the registration of the Account.

7.5. Additional Requirements

The Company may, in its sole discretion, at any time during the business relationship with the Company, and on reasonable grounds, request that, in addition to online acceptance of this Agreement, the Client must complete and submit any signed documents as required by the Company, including but not limited to this Agreement, the PDS and the Risk Disclosure Statement.

PART 8. TRADING POLICIES AND PROCEDURES/ORDERS

8.1. Placing Orders

You may give us instructions in electronic form through the Website or the mobile application or any other trading platform provided by us. In this Agreement "instructions" and "orders" have the same meaning. When placing an Order, if it becomes pending, the funds required for its execution are blocked from the free funds available in the Client's Account (the blocked funds cannot be used for other Orders, until the pending ones are executed or cancelled).

8.2. Types of Orders Accepted

8.2.1. An order is an offer to open or close a transaction if our price moves to, or beyond, a level specified by you. Our approach is to place orders as a matched principal and as an agent on your behalf; we are not the sole counterparty to your trades. The Online Trading Platform supports the following types of orders:

- a) A **Market Order** is an instruction to buy or sell a CFD immediately in a specified size at the best available market price for that size and it will be executed immediately at the best available market price. (the price might change before execution, especially with less liquid financial instruments);. When you place a Market Order with us you acknowledge that the price might change before execution, especially with less liquid financial instruments. This order type does not allow any control over the price it will be filled at. Market Orders can be placed only during the trading hours of the underlying asset. Where there is insufficient liquidity available for the specified size your Market Order will be partially filled while the remaining quantity will be cancelled by the system. A Market Order can have taken Profit/ Stop Loss Orders attached.
- b) A **Limit Order** is an instruction which allows the Client to set a minimum price (for a sell order) or a maximum price (for a buy order).. This gives you a control over the price at which the Limit

Order is executed, however this Limit Order may never be executed (or filled). A Limit Order can be used to either open or close a position. When there is insufficient liquidity available for the specified price your Limit Order will be partially filled with the remaining quantity actively pending until it is fully filled or cancelled. Once a Limit Order is triggered it will be executed at a level that is the same or better than the level specified by you. Limit Orders can have Take Profit and Stop Loss orders attached.

c) A **Working order** is a general term for opening either a Stop or Limit Order. This allows the Client to buy or sell a stock once it meets the stop price predetermined by the Client.

d) A **Stop Market Order** is an instruction to execute a trade when a price level (the Stop Market Level) is reached that is equal to or worse than the current best price (a Stop Market Order). When the Stop Market level is reached, the Stop Market Order will trigger and a Market Order will be sent to execute the trade at the best price available at the time the Order is placed for the quantity you wish to buy or sell. Your execution price may be better or worse than the Stop Market Level you set depending on the liquidity available and the size of your Order. Stop Market Orders can be placed and/or cancelled at any time, even when the market is closed. In order to amend a Stop Market Order, you would need to cancel the existing one and place a new Stop Market Order provided the market conditions allow that. Stop Market Orders can be used to open or close a trade set during our date and time option or Good Till Cancelled (GTC). This means that for set date and time orders any portion of the Stop Market Order which has not been executed during the timeframe in which the Order was placed is automatically cancelled at the set date and time. It may be the case that your Stop Market Order could be partially executed if there is insufficient liquidity to cover all of your Order at the time your Stop Market Order is triggered. A "GTC" Stop Market Order would remain a working order until you choose to cancel it, if it is cancelled because you are on a margin call, or your Order is filled and becomes a position. Take Profit and Stop Loss Orders attached to Stop Market Orders will be set at a specified level away from the worst execution price received (e.g. 50 points away from the highest Offer price for a Long Market Order). Your Take Profit and Stop Loss Orders will not be set at a level relative to the volume weighted average opening price of your Order.

e) A **Take Profit** is an order that can be attached to working orders, market orders or open positions, to close a position at a price that is better than the current price. This order type is primarily used to lock in profits from a position. If the market has moved to the opposite direction of a position, it is possible to set up a Take Profit at a price that is better than the current price but worse than the opening price. Thus, it is possible to limit losses with a Take Profit order. Where a Take Profit Order is attached to a working order it will be a contingent order that would become active once all or part of your opening order has been executed giving rise to a position being opened on your Account. The Take Profit Orders will be filled at the predefined price. If a Take Profit Order is partially executed because there is insufficient liquidity at the price you specified, the remaining part of your order will be active until your price level is reached again and more liquidity is available. A Take Profit Order will remain active until it is executed or removed, or the open position is closed

f) A **Stop Loss** is an order that can be attached to working orders, market orders or open positions, to close a position at a price that is worse than the current price. This order type is primarily used to limit the potential losses you can incur from an open position. If the market has moved to the direction of a position, it is possible to set up a Stop Loss at a price that is worse than the current but better than the opening price. Thus, it is possible to lock profits with a Stop Loss order. If the Stop Loss level is reached, the Stop Loss Order is executed as a Market Order at the best price available for the quantity you wish to buy or sell. A Stop Loss Order will remain active until it is executed, or removed, or the open position is closed. If a Stop Loss Order is partially executed because there is insufficient liquidity, the remaining part of your order will be active until your price level is reached again and more liquidity is available.

We do not guarantee that a Stop Loss Order will be filled at the price specified.

g) A **Guaranteed Stop Loss Order** is an order that can be attached to working orders, market orders or open positions, to close a position at an exact price determined by you that is worse than the current price. This order type is used to limit the losses you can incur from an open position. If the market has moved to the direction of a position, it is possible to set up a Guaranteed Stop Loss at a price that is worse

than the current but better than the opening price. Thus, it is possible to lock profits with a Guaranteed Stop Loss order. When accepting your Guaranteed Stop Loss Order we guarantee that when our bid or offer quote goes beyond the price specified by you, we will close your position at exactly the price specified. An open position can be closed at your initiative before reaching the Guaranteed Stop Loss Order level. As we guarantee your close out price, there is a fee charged when the Guaranteed Stop Loss Order is triggered and executed.

8.2.2. Limit Orders and Stop Loss Orders for equity CFDs are executed based on the preceding ex-dividend prices and if not fully executed before the occurrence of the forthcoming Corporate Event, entitling the Client to a dividend for the equity CFD position(s) he/she currently holds, the Client's relevant CFD position(s) will be closed by the Company prior to that Corporate Event at the then prevailing market price. Similarly, the Company will ask the Client to close any affected pending Limit Orders and Stop Loss Orders before the forthcoming Corporate Event or will do so on its own.

8.2.3. Limit Orders and Stop Loss Orders applied to equity CFDs based on cum-dividend prices will be valid for the ex-dividend price (and vice versa) unless specifically cancelled by the client.

8.2.4. We may introduce new types of orders from time to time by posting a relevant alert and updating the current information on our platform.

8.2.5. We may introduce restrictions on a temporary basis regarding a certain type of Order or all Orders.

8.3. Terms of Acceptance for Orders

8.3.1. It is your sole responsibility to clearly indicate the terms of an order when entered, whether it is a Market Order, Limit Order, Take Profit, Stop Loss or any other type of order, including the relevant price and lot size.

8.3.2. You acknowledge and agree that, despite our best efforts, the price at which execution occurs may be materially different to the price specified in your order. This may result from sudden price movements in the underlying assets or other reasons that are beyond our control.

8.3.3. The Company shall have no liability for failure to execute orders.

8.3.4. 8.3.4. The Company shall have the right, but not the obligation, to reject any order in whole or in

part prior to execution, or to cancel any order, where your Account contains margin that is insufficient to support the entire order or where such order is illegal or otherwise improper. CCAU will be required to exercise a margin close out protection if the net equity of the client's CFD trading account is less than the aggregate close out protection amount. If your net equity is at 50% or falls below 50% of the initial margin requirements, we will close out some or all of your open Positions in the below order:

1. All pending orders are closed.
2. If the Margin Level is still below 50%, then all losing open trades on open markets are closed*.
3. If the Margin Level is still below 50%, then all profitable open trades on open markets are closed*.
4. If the Margin Level is still below 50%, then any other positions will be closed as soon as the respective markets open.

*Please note that not all markets are open at the same time. Hence, a profitable trade may be closed before a losing one.

8.4. Execution Parameters

8.4.1. If there are no specific instructions from the Client on how to execute the order, we will consider several execution factors to ensure that we manage the order on terms most favourable to our Client. These execution factors include:

- a. price;
- b. speed;
- c. likelihood of execution and settlement;
- d. costs;
- e. size and nature of the order;
- f. any other considerations relevant to the execution of the order.

8.4.2. It is emphasized that the specific instructions as mentioned above prevent the Company from taking the steps that it has designed and implemented in order to ensure the best possible result for the execution of those Orders in respect to the elements covered by those instructions. We do not consider the above list exhaustive and the order in which the above factors are presented shall not be taken as an indication of their priority.

8.4.3. The best possible result for our Clients will be determined in terms of the total consideration, represented primarily by the price of the financial instrument and the costs related to the execution. The costs related to the executions include the expenses incurred by the Client which are directly related to the execution of his/her order.

8.4.3. The best possible result for our Clients will be determined in terms of the total consideration, represented primarily by the price of the financial instrument and the costs related to the execution. The costs related to the executions include the expenses incurred by the Client which are directly related to the execution of his/her order.

8.5. Cancellation/Withdrawal of Instructions

8.5.1. Non-market orders may be cancelled via the Online Trading Platform but we can only cancel your instructions if you explicitly request so, provided that we have not acted up to the time of your request upon those instructions.

8.5.2. Executed instructions may only be withdrawn or amended by you with our consent.

8.5.3. The Company shall have no liability for any claims, losses, damages, costs or expenses, including legal fees, arising directly or indirectly out of the failure of such an order to be cancelled.

8.6. Right not to Accept Orders

We may, but shall not be obliged to, accept instructions to enter into a Transaction. If we decline to enter into a proposed Transaction, we shall not be obliged to give a reason but we shall promptly notify you accordingly.

8.7. Control of Orders Prior to Execution

8.7.1. We have the right (but not the obligation) to set limits and/or parameters to control your ability to place orders at our absolute discretion. Such limits and/or parameters may be amended, increased, decreased, removed or added by us at our absolute discretion and may include (without limitation):

- a) controls over maximum or minimum order amounts and maximum or minimum order sizes;
- b) controls over our total exposure to you;
- c) controls over prices at which orders may be submitted (to include, without limitation, controls over orders which are at a price which differs greatly from the market price at the time the order is submitted to the order book);
- d) controls over the Electronic Services (to include, without limitation, any verification procedures to ensure that any particular order or orders has come from you); and/or
- e) any other limits, parameters or controls which we may be required to implement in accordance with Applicable Regulations.

8.8. Trade Adjustments

8.8.1. Clients must be aware that CFD transactions carry a high degree of risk. The amount of initial margin may be relatively small with regard to the value of the instrument so that transactions are 'leveraged' or 'geared'. A relatively small market movement may have a proportionately larger impact on the funds that the Client has deposited or will have to deposit. This may work against as well as for the Client.

8.8.2. The Company exclusively reserves the right to widen its variable spreads, adjust leverage and/or increase the margin requirements without notice under certain market conditions including, but not limited to, when the Company's Trading Desk is closed, around fundamental announcements, as a result of changes in credit markets and/or at times of extreme market volatility.

8.9. Execution of Orders

We shall reasonably endeavour to execute any order promptly, but in accepting your orders we do not represent or warrant that it will be possible to execute such an order or that execution will be possible according to your instructions. If we encounter any material difficulty, relevant to the proper carrying out of an order on your behalf, we shall notify you promptly or as soon as we reasonably can.

Despite the above, we will endeavour to execute orders on terms most favourable to our clients and to achieve a result which provides, in our view, the best balance across a range of sometimes conflicting factors (see clause 8.4).

We take all the appropriate measures to manage any possible conflict of Interest that may arise in accordance with the provisions of our Conflict of Interest Policy.

8.10. Hedging Mode

The Company offers its clients "Hedging Mode" trading. What is a hedging mode and how to use it in trading can be found on our website here.

8.11. Reporting Transactions and Account Statements

8.11.1. Trade Confirmations

Confirmations for all Transactions that we have executed on your behalf on that trading day will be available on the online trading platforms and mobile app, they are updated online for each Transaction which is executed. Confirmation of execution and statements of your Account(s), in the absence of manifest error, shall be deemed correct,

conclusive and binding upon you, if not objected to within three days by email, if orders were placed through the Company's Online Trading Platform. In cases where the prevailing market represents prices different from the prices posted online by the Company on the Website and the mobile app, the Company will attempt, on a best efforts basis and in good faith, to execute Market Orders on or close to the prevailing market prices. This may or may not adversely affect Client's realized and unrealized gains and losses. The Client might request to receive the Account statement monthly or quarterly via email, by providing such a request to the Client Support Department (support.au@capital.com).

8.11.2. Transaction Reporting

We may be obliged under Applicable Regulations to make public certain information regarding our Transactions with you. You acknowledge and agree that we are entitled to disclose such information and that such information held by us shall be our sole and exclusive property.

You agree to provide us with all information that we may reasonably request for the purpose of complying with our obligations under Applicable Regulations and that you consent for us to provide to any third party such information about you and your relationship with us pursuant to this Agreement (including but not limited to your Transactions or money on your account) as we consider, acting reasonably, appropriate or as required to comply with any Applicable Regulations or Term of this Agreement.

If you are a legal entity, our Transactions with you may need to be reported under Applicable Regulations. If they are required to be reported, you agree that we will generate the unique trade identifier in relation to each relevant Transaction. Please contact one of our employees for this information or visit our website.

If you are a legal entity, you agree that we may in certain circumstances obtain a Legal Entity Identifier (LEI) on your behalf. You agree that we may do so if we consider that it is necessary in order to allow you to enter into Transactions with us and that we may pass on to you any charge we incur to obtain a Legal Entity Identifier (LEI) on your behalf and to levy an administration charge to cover our costs in doing so. Please contact one of our employees for this information or visit our website.

It is your responsibility to ensure that you notify us of any changes to your contact details, including

updating your LEI, where applicable. CCAU reserves the right to suspend or terminate and close your Trading Account and/or any open Positions without notice to you where it cannot be reasonably be expected to notify you of such closure including, but not limited to, instances where it suspects illegal or fraudulent activity has occurred, where you have failed and/or refused to provide updated and accurate information relating to your account (including LEIs where applicable), where closing your account on notice would be in contravention of a legal or regulatory requirement imposed on CCAU or where notifying you would cause harm to CCAU or any of its clients.

8.12. Improper or Abusive Trading

8.12.1. The Company's objective is to provide the most efficient trading liquidity available in the form of streaming, tradable prices for most of the financial instruments we offer on the Online Trading Platform. As a result of the highly automated nature of the delivery of these streaming, tradable prices, you acknowledge and accept that price misquotations are likely to occur from time to time.

8.12.2. Should you execute transactions falling within the definition of Market Abuse or execute trading strategies with the objective of exploiting such misquotation(s) or acting in bad faith, the Company shall consider this as improper or abusive behaviour.

8.12.3. Should the Company determine, at its sole discretion and in good faith, that you are taking advantage, benefitting, attempting to take advantage or to benefit of such misquotation(s) or that you are committing any other improper or abusive trading, including but not limited to:

- a) fraud/illegal actions that led to the transaction;
- b) orders placed based on manipulated prices as a result of system errors or system malfunctions, or transactions executed when the Online Trading Platform indicates an anomalistic price for underlying assets (i.e. the price which does not expressly correspond to the current market price for them)
- c) arbitrage trading on prices offered by our platform as a result of systems errors;
- d) coordinated transactions in order to take advantage of systems, system errors and delays on systems updates, including but not limited to actions, coordinated between different clients, aimed at making profit (generating income) out of the application of

such functions (opportunities) of the Online Trading Platform as the Negative Balance Protection and the "Stop-loss order", as well as any other action(s), including those coordinated between different clients and/or acting in tandem with third party(-ies) aimed at making profit (generating income) from the application of functions (opportunities) of the Online Trading Platform not in accordance with the purposes of such functions (opportunities); and/or carrying out "oppositely directed" ("mirror") Transactions (operations) (i.e. Long position and Short position) within one market or in relation to the same underlying asset, opened with insignificant time difference and/or difference in prices for underlying assets on one on the same device and/or) from one and the same IP-address but with the use of different Accounts (created in the name of different persons and/or entities), including those aimed at making profit (generating income) from the application of functions (opportunities) of the Online Trading Platform;

- e) orders placed with the use of inside information (i.e. abusive exploitation of privileged confidential information, the misuse of information or directors trading shares of their own companies); then the Company will have the right to:
- i. adjust the price spreads available to you; and/or
 - ii. restrict your access to streaming, instantly tradable quotes, including providing manual quotation only; and/or
 - iii. obtain from your Account any historic trading profits that you have gained through such improper or abusive trading as determined by us at any time during our trading relationship; and/or
 - iv. reject an order or to cancel a trade; and/or
 - v. immediately terminate our trading relationship, and/or
 - vi. take any of the enforcement measures, provided in Section 13.3.

8.13. Prohibited Trading

8.13.1. No employee and/or former employee who currently works or used to work on a full time or part time basis for the Company or any of its related entities shall, during the term of the employee's and/or former employee's service to the Company or any of its related entities and after termination of service become a Client of any brand of the Company (either directly or indirectly,

alone or with partners, associates, affiliates or any other third party) without the Company's prior written approval.

8.13.2. Should the Company consider that the employee and/or former employee is trading with any brand of the Company without the Company's prior written approval personally and/or via a third party we shall consider all the trading to be abusive and/or improper trading. In such circumstances, the employee and/or former employee's Account(s) and all open positions shall be closed immediately and any funds held within the Account shall be returned.

8.13.3. No business associate or former business associate of the Company or any of its related entities shall, during the period of the agreement between the associate/former business associate and the Company and after termination of such agreement, become a Client of any brand of the Company (either directly or indirectly, alone or with partners, associates, affiliates or any other third party) without the Company's prior written approval.

8.13.4. Should the Company consider that the associate/former business associate is trading with any brand of the Company without the Company's prior written approval personally and/or via a third party, we shall consider all the trading to be abusive and/or improper trading. In such circumstances, the relevant associate/former business associate's Account(s) and all open positions shall be closed immediately and any funds held within the Account shall be confiscated.

8.14. Disabling and Cancelling Deposits

8.14.1. We have the right not to accept funds deposited by you and/or to cancel your deposits in the following circumstances:

- a) if you fail to provide the Company with any documents it requests from you either for Client identification purposes or for any other reason;
- b) if the Company suspects or has concerns that the submitted documents may be false or fake;
- c) if the Company suspects you are involved in illegal or fraudulent activity;
- d) if the Company is informed that your credit or debit card (or any other payment method used) has been lost or stolen;
- e) where the Company considers that there is a chargeback risk; and/or

- f) when you deposit ten thousand (10 000) AUD or more (or an equivalent of the same in one of our Base Currencies) or if you make over ten (10) separate deposits to your Accounts and the Company is unable to verify your credit or debit card details or is unable to verify any other payment method used.

8.14.2. In case of cancelled deposits, and if it is not a confiscation of your funds by a supervisory authority on the grounds of money laundering suspicion or for any other legal infringement, your funds will be returned only to the bank account that they have been initially received from.

8.15. Performance and Settlement of Transactions

8.15.1. You will promptly deliver any instructions, money or documents deliverable by you under a Transaction in accordance with that Transaction as modified by any instructions given by us.

8.15.2. The Company shall proceed to a settlement of all transactions upon execution of such transactions.

8.15.3. Following execution of the order, we will send you an electronic confirmation in respect of that Transaction as soon as reasonably practicable, and in any event within the time required by the relevant laws and regulations.

8.15.4. In cases of technical or human errors during a Transaction resulting in crediting unsolicited funds to your trading or banking account or other payment method you agree that the erroneous Transaction will be void from the outset and you will be liable to return to us any erroneously transferred funds according to the clause 18.4.3.

8.15.5. At its sole reasonable discretion CCAU may temporarily introduce or amend the minimum or maximum size of any Order in any Investment (CFD) and will try to provide the Client with the possibility to close the entire investment, which was affected. Notification of any such restrictions beforehand is mandatory.

8.16. Consent

You consent to receive all Account information, Trade Confirmations and Account Statements through a durable medium. If you no longer wish to receive such information through electronic means, you must notify us and revoke this consent in writing or by phone (i.e. live chat, email, phone call). However, if you revoke your consent, your access to our Trading Platform may be restricted or terminated at our sole discretion.

8.17. Position Limits

We may require you to limit the number of open positions which you may have with us at any time and we may in our sole discretion close out any one or more Transactions in order to ensure that such position limits are maintained.

8.18. Withdrawals

Without prejudice and subject to this Agreement and all Applicable Laws and Regulations funds may be withdrawn by you from your Account once your withdrawal request is processed and approved, provided that such funds are not being utilized for margin purposes or have otherwise become owing to us, there is a remaining positive balance on your Account and the Account is approved following the verification of the Client as per the applicable Anti-Money Laundering Laws and Regulations governing the Company.

We will process your request to withdraw funds on the same day that the request was received, or the next working day if your request is received outside of our normal business hours.

Your withdrawal request will be processed by us and sent to the same bank, credit card or other source for execution owned by you. No Account withdrawals to third parties will be processed by the Company.

If you request a withdrawal of funds from your Account and we cannot comply with it without closing some part of your open positions, we will not comply with the request until sufficient positions are closed, and we have established that you have a positive balance on your Account to make the withdrawal.

The Client shall have the right to withdraw money from the Client's Account up to the amount of the free money available to its account.

Payments to third parties from the Client's Account will not be allowed. Bank deposits from third parties to the Client's Account shall not be accepted either. The Client shall have the right to transfer money to the Company's bank accounts only after entering into an agreement (accepting the Terms of this Agreement) with the Company and receiving a username and password.

8.19. Negative Balance Protection

Negative balance protection is applicable to your account as a Retail Client. This means that if your account falls into a negative balance, we will adjust the balance on your account back to zero at no cost to you. The total losses on your CFD positions

will therefore be limited to the funds in your trading account. However, with CCAU you will not remain liable for any negative balances which cannot be covered by the closing out of all your positions.

For Retail Clients, negative balance protection under ASIC Corporations (Product Intervention Order – Contracts for Difference) Instrument 2020/986 limits retail losses to only the monies deposited with CCAU. Retail Clients will not be required to pay us further funds.

For Wholesale Clients, the Company may, at its sole discretion, offer limited negative balance protection from time to time. This may be subject to change. Please refer to our website and the Wholesale Information Guide for more information.

8.20. Corporate Events

8.20.1. The Client has no rights or obligations in respect of the underlying instruments or assets relating to his/her CFD. Specifically, in case of an equity CFD the Client will not receive any voting rights. However, the underlying instrument can be affected by various corporate actions (hereinafter "Corporate Events").

A "Corporate Event" is any action or event, whether temporary or otherwise, in relation to an underlying asset(s) of the CFD, or in relation to the issuer of the underlying asset(s) of the CFD, which would have an effect on the value, legal characteristics or ability to trade the underlying asset(s) or the CFD based on or referencing such underlying asset(s), including but not limited to: distributions or the grant of entitlements to existing holders of rights in the underlying asset(s), dividend payments, the granting of rights to purchase, subscribe or receive any underlying asset(s) (whether for free, on preferential payment terms or otherwise) or cash, placings, rights issues, bonus/scrip issues, capitalisation issues and similar issues, mergers or takeovers relating to the issuer of the underlying asset(s), sub-divisions, splits, reductions (including share buy-backs), consolidations, reclassifications, restructurings, cancellation or suspension of listing of the underlying asset(s) or the issuer of the underlying asset(s), and any action or event analogous to any of the foregoing or otherwise that may have a dilution or concentration effect on the value of the underlying asset(s) of the CFD.

8.20.2. In case a Corporate Event will occur while the Client is holding an open CFD position or has a pending order affected by such event, we will endeavour to notify the Client of such Corporate Event, accomplished or yet to occur, as soon as it is

Event, accomplished or yet to occur, as soon as it is reasonably practicable, however the Company reserves the right to act without prior notifications. Corporate Events can be amended, withdrawn or cancelled at any time. These changes are beyond the control of the Company, who is not responsible for any loss of the Client in this regard. According to the type of Corporate Event, the Company will inform the Client of the action(s)/adjustment(s) to be taken, if any, including the possibility of closing the affected position(s), including any pending order(s). In relation to the above, depending on the type of Corporate event, the Company may be required to make an adjustment to the size and/or value and/or number of the related position(s), including also the possibility of opening the new position(s) or closing of the existing position(s) at the last available price. Such adjustment will account for the diluting or concentrating effect of the Corporate Event in order to preserve the economic equivalent of the rights and obligations of the parties in relation to that position(s). Any action taken by the Company will be effective from the date determined by the Company and shall be binding, however, for the avoidance of doubt, the said actions may be retrospective. Closing of Client's CFD position(s) affected by a Corporate Event will not take place in case of dividend payments related to underlying equities. In this case adjustments will be made to the Client's Account, such adjustment will be calculated by the Company based on the size of the dividend, the size of Client's position, taxation and whether it is a buy or a sell trade.

8.20.3. In accordance with this agreement with the Company in case of stock split the following steps might be applied:

- the Company may be unable to apply the split to fractional investments;
- because of step 1 we may offer to pay the Client a cash equivalent of holding at the time of the stock split as an alternative, which may result in the Client no longer holding shares in the affected securities;
- The Company has no obligation to obtain the Client's consent prior to taking the action in accordance with step 2

8.21. Product termination

We may require you to close any of your positions which you may have with us and which may be or have been affected by product termination, no price provider or other relevant reasons, or we may close any of such positions at last available prices without prior notification at our sole discretion.

8.22. Expiring CFDs

Certain CFDs shall have an expiry date. On the expiry date an open position on the expiring CFD will be closed automatically at the then prevailing or last available market price. Weekend FX CFDs have a settlement price as defined in the relevant KID.

Any affected pending order(s) will be cancelled. Nothing precludes the Client from closing the relevant position and cancelling the affected pending orders prior to the expiry date. The expiry date for the relevant CFD shall be published on the relevant section of the Company's website and on the mobile app.

8.23. Circumstances under which the CFD may mature or be terminated

- a) The CFD will end with the closing of the Client's position;
- b) The Client's position may be closed by the Client at any time during the trading hours indicated on the Website;
- c) The Client's position may be closed at the initiative of the counterparty when there is excessive usage of the margin or the position's margin falls below required minimum as set by the counterparty to protect the Client from the accumulation of large losses that would be expressed in a negative account balance;
