The spread is dynamic and may factor in the liquidity in the external markets and the competitor pricing. Further details in regards to the spread applicable for each financial instrument are specified below:

Only a spread (the difference between the lower and the higher price of a given CFD and Spread Bet) is applied for the trading part of the Electronic Services, and no other charges or commissions are paid by the Clients in this part. The spread is dynamic and may factor in the liquidity in the external markets and the competitor pricing. Our spreads are set at our absolute discretion and any changes are effective immediately. CAPITAL.COM reserves the right to mark up the spreads.

The Client agrees that the Spread charged to you as well as the Market Spread are subject to changes at any time and therefore when you close your position in CFDs and/or Spread Bets may be greater or smaller than the spread quoted when you will open the position.

In this respect, when such a deposit method is identified by the Company, the deposited funds are immediately returned to the Client.

5.7. Conversion into base currency

PART 8. TRADING POLICIES AND PROCEDURES/ORDERS

8.1. Placing Orders

You may give us instructions in electronic form through the Website or the mobile app. In these Terms “instructions” and “orders” in CFDs and/or Spread Bets have the same meaning.

Transactions in Spread Bets will automatically roll over to the next date for the relevant underlying market unless the client opts out of this in respect of a specific Spread Bet or in respect of all Spread Bets on the trading account.

8.2. Types of Orders Accepted

8.2.1. An order is an offer to open or close a transaction if our price moves to, or beyond, a level specified by you. Our approach is to place orders solely as a principal and not as an agent on your behalf; we are the sole counterparty to your trades and the sole execution venue for your orders. A CFD and/or Spread Bet Will be opened or closed when your request has been received and accepted by us. Our acceptance of an offer to open or close a Spread Bet. Will be evidence by our confirmation which is available in the Trading Platform.

The CAPITAL.COM Online Trading Platform supports the following types of orders:

a. A **Market Order** is an instruction to buy or sell a CFD immediately in a specified size at the best available market price for that size. When you place a Market Order with us you acknowledge that such Market Order allows us to execute your order at a price that is worse than our quoted bid/offer price at the time you place it. This order type does not allow any control over the price it will be filled at. Market Orders can be placed only during the trading hours of the underlying asset. Where there is insufficient liquidity available for the specified size your Market Order will be partially filled while the remaining quantity will be cancelled by the system. A Market Order can have Take Profit/ Stop Loss Orders attached.

b. A **Limit Order** is an instruction to buy a CFD at no more than a specific price, or to sell it at no less than a specific price (called ‘or better’ for either direction). This gives you a control over the price at which the Limit Order is executed, however this Limit Order may never be executed (or filled). A Limit Order can be used to either open or close a position. Limit Orders show on the order book at the price you specified and will be matched or filled when your price is reached and provided there is sufficient liquidity available. Where there is insufficient liquidity available your Limit Order will be partially filled with the remaining quantity staying on the order book until it is matched fully or cancelled. Once a Limit Order is triggered it will be executed at a level that is the same or better than the level specified by you. Limit Orders can have Take Profit and Stop Loss orders attached.

c. A Working order is a general term for opening either a Stop or Limit Order.

d. A Stop Market Order is an instruction to execute a trade when a price level (the Stop Market Level) is reached that is equal to or worse than the current best price (a Stop Market Order). When the Stop Market level is reached, the Stop Market Order will trigger and a Market Order will be sent to execute the trade at the best price

available at the time the Order is placed for the quantity you wish to buy or sell. Your execution price may be better or worse than the Stop Market Level you set depending on the liquidity available and the size of your Order. Stop Market Orders can only be placed during the Trading Hours of an Instrument. Stop Market Orders can be cancelled at any time, even when the market is closed. In order to amend a Stop Market Order, you would need to cancel the existing one and place a new Stop Market Order provided the market conditions allow that. Stop Market Orders can be used to open or close a trade and can be Good For Day (GFD) or Good Til Cancelled (GTC). This means that for "GFD" Stop Market Orders, any portion of the Stop Market Order which has not been executed during the trading day in which the Order was placed is automatically cancelled at the end of that trading day. It may be the case that your Stop Market Order could be partially executed if there is insufficient liquidity to cover all of your Order at the time your Stop Market Order is triggered. A "GTC" Stop Market Order would remain a working order until you choose to cancel it, if it is cancelled because you are on a margin call, or your Order is filled and becomes a position. Take Profit and Stop Loss Orders attached to Stop Market Orders will be set at a specified level away from the worst execution price received (e.g. 50 points away from the highest Offer price for a Long Market Order). Your Take Profit and Stop Loss Orders will not be set at a level relative to the volume weighted average opening price of your Order.

e. A **Take Profit** is an order that can be attached to working orders, market orders or open positions, to close a position at a price that is better than the current price. This order type is primarily used to lock in profits from a position. If the market has moved to the opposite direction of a position, it is possible to set up a Take Profit at a price that is better than the current price but worse than the opening price. Thus, it is possible to limit losses with a Take Profit order. Where a Take Profit Order is attached to a working order it will be a contingent order that would become active once all or part of your opening order has been executed giving rise to a position being opened on your Account. The Take Profit Orders will be filled at that the predefined price. If a Take Profit Order is partially executed because there is insufficient liquidity at the price you specify, the remaining part of your order will be active until your price level is reached again and more liquidity is available. A Take Profit Order will remain active until it is executed or removed, or the open position is closed.

f. A **Stop Loss** is an order that can be attached to working orders, market orders or open positions, to close a position at a price that is worse than the current price. This order type is primarily used to limit the potential losses you can incur from an open position. If the market has moved to the direction of a position, it is possible to set up a Stop Loss at a price that is worse than the current but better than the opening price. Thus, it is possible to lock profits with a Stop Loss order. If the Stop Loss level is reached, the Stop Loss Order is executed as a Market Order at the best price available for the quantity you wish to buy or sell. A Stop Loss Order will remain active until it is executed, or removed, or the open position is closed. If a Stop Loss Order is partially executed because there is insufficient liquidity, the remaining part of your order will be active until your price level is reached again and more liquidity is available.

g. Stop losses on long positions will trigger when the Ask Price reaches the desired Stop Loss Price and they will execute at the Prevailing Bid Price. Stop losses on short positions will trigger when the Bid Price reaches the desired Stop Loss Price and they will execute at the Prevailing Ask Price. We do not guarantee that a Stop Loss Order will be filled at the price specified.

h. A Guaranteed Stop Loss Order is an order that can be attached to working orders, market orders or open positions, to close a position at an exact price determined by you that is worse than the current price. This order type is used to limit the losses you can incur from an open position. If the market has moved to the direction of a position, it is possible to set up a Guaranteed Stop Loss at a price that is worse than the current but better than the opening price. Thus, it is possible to lock profits with Guaranteed Stop Loss order. When accepting your Guaranteed Stop Loss Order we guarantee that when our bid or offer quote goes beyond the price specified by you, we will close your position at exactly the price specified. An open position can be closed at your initiative before reaching the Guaranteed Stop Loss Order level. As we guarantee your close out price, there is a fee charged when the Guaranteed Stop Loss Order is triggered and executed (see cl. 5.12 Guaranteed Stop Loss Order Fee (GSL Fee)).

8.2.2. Limit Orders and Stop Loss Orders for equity CFDs and/or Spread Bets are executed based on the preceding ex-dividend prices and if not fully executed before the occurrence of the forthcoming Corporate Event, entitling the Client to a dividend for the equity CFD position(s) he/she currently holds, the Client's relevant CFD position(s) will be closed by the Company prior to that Corporate Event at the then prevailing market price. Similarly, the Company will ask the Client to close any affected pending Limit Orders and Stop Loss Orders before the forthcoming Corporate Event or will do so on its own.

8.2.3. Limit Orders and Stop Loss Orders applied to equity CFDs based on cum-dividend prices will be valid for the ex-dividend price (and vice versa) unless specifically cancelled by the client.

8.2.4. We may introduce new types of orders from time to time by posting a relevant alert and updating the current information on our platform.

8.3. Terms of Acceptance for Orders

8.3.1. It is your sole responsibility to clearly indicate the terms of an order when entered, whether it is a Market Order, Limit Order, Take Profit, Stop Loss or any other type of order, including the relevant price and lot size.

8.3.2. You acknowledge and agree that, despite our best efforts, the price at which execution occurs may be materially different to the price specified in your order. This may result from sudden price movements in the underlying assets that are beyond our control.

8.3.3. The Company shall have no liability for failure to execute orders.

8.3.4. The Company shall have the right, but not the obligation, to reject any order in whole or in part prior to execution, or to cancel any order, where your Account contains margin that is insufficient to support the entire order or where such order is illegal or otherwise improper.

8.3.5. The Company reserves the right to decline any offer to open or close a Spread Bet with a Stake greater than the Standard Size. Our quotation for a Spread Bet with a Stake up to or in excess of the Standard Size is not guaranteed to be within any specific percentage of any Underlying Market or related market quotation and our acceptance of your offer may be subject to special conditions and requirements that we will advise to you at the time we accept your offer. We will inform you of the Standard Size for a particular underlying asset upon request. Where you offer to place or close a Bet at a stake that is larger than the Standard Size, rather than accepting your offer as a whole, we have the right to accept your offer as a series of smaller Spread Bet, each Spread Bet having a different offer/bid price.

8.4. Execution Policy

8.4.1. If there are no specific instructions from the Client on how to execute the order, we will consider several execution factors to ensure that we manage the order on terms most favourable to our Client. These execution factors include:

- a. price;
- b. speed;
- c. likelihood of execution and settlement;
- d. costs;
- e. size and nature of the order;
- f. any other considerations relevant to the execution of the order.

8.4.2. It is emphasized that the specific instructions as mentioned above, prevent the Company from taking the steps that it has designed and implemented in order to ensure the best possible result for the execution of those Orders in respect to the elements covered by those instructions.

8.4.2. We do not consider the above list exhaustive and the order in which the above factors are presented shall not be taken as an indication of their priority.

8.4.3. The best possible result for our retail Clients will be determined in terms of the total consideration (unless the objective of the execution of the order dictates otherwise), represented primarily by the price of the financial instrument and the costs related to the execution such as spread and overnight premium. The costs related to

the executions include the expenses incurred by the Client which are directly related to the execution of his/her order.

8.4.4. The other execution factors of speed, likelihood of execution, size, nature or any other relevant consideration will, in most cases, be secondary to the price and costs considerations, unless they would deliver the best possible result for the Client in terms of total consideration.

8.5. Cancellation/Withdrawal of Instructions

8.5.1. Non-market orders may be cancelled via the CAPITAL.COM Online Trading Platform but we can only cancel your instructions if you explicitly request so, provided that we have not acted up to the time of your request upon those instructions.

8.5.2. Executed instructions may only be withdrawn or amended by you with our consent.

8.5.3. The Company shall have no liability for any claims, losses, damages, costs or expenses, including legal fees, arising directly or indirectly out of the failure of such order to be cancelled.

8.6. Right not to Accept Orders

We may, but shall not be obliged to, accept instructions to enter into a Transaction. If we decline to enter into a proposed Transaction, we shall not be obliged to give a reason but we shall promptly notify you accordingly.

8.7. Control of Orders Prior to Execution

8.7.1. We have the right (but not the obligation) to set limits and/or parameters to control your ability to place orders at our absolute discretion. Such limits and/or parameters may be amended, increased, decreased, removed or added by us at our absolute discretion and may include (without limitation):

a. controls over maximum or minimum order amounts and maximum or minimum order sizes;

b. controls over our total exposure to you;

c. controls over prices at which orders may be submitted (to include, without limitation, controls over orders which are at a price which differs greatly from the market price at the time the order is submitted to the order book);

d. controls over the Electronic Services (to include, without limitation, any verification procedures to ensure that any particular order or orders has come from you); and/or

e. any other limits, parameters or controls which we may be required to implement in accordance with Applicable Regulations.

8.8. Trade Adjustments

8.8.1. Clients must be aware that CFD transactions carry a high degree of risk. The amount of initial margin may be relatively small with regard to the value of the instrument so that transactions are 'leveraged' or 'geared'. A relatively small market movement may have a proportionately larger impact on the funds that the Client has deposited or will have to deposit. This may work against as well as for the Client.

8.8.2. The Company exclusively reserves the right to widen its variable spreads, adjust leverage and/or increase the margin requirements without notice under certain market conditions including, but not limited to, when the CAPITAL. COM Trading desk is closed, around fundamental announcements, as a result of changes in credit markets and/or at times of extreme market volatility.

8.8.3. In such circumstances, the Client agrees to indemnify the Company for any and all losses that may occur due the widening of spreads and the adjustment of leverage.

8.9. Execution of Orders

We shall use our sufficient steps to execute any order promptly, but in accepting your orders we do not represent or warrant that it will be possible to execute such order or that execution will be possible according to your instructions. If we encounter any material difficulty relevant to the proper carrying out of an order on your behalf we shall notify you promptly.

Your transactions will be handled in accordance with our Order Execution Policy and Conflict of Interests Policy, both available separately on our Website and we will take all sufficient steps to achieve best execution. The actions taken by the Company for the purposes of ensuring best execution, are available within the Company's Order Execution Policy. In respect of Retail Clients, the best possible result is determined in terms of the total consideration. The Company shall apply best execution rules in cases where you have not provided the Company with specific instructions.

8.10. Confirmations

8.10.1 When the Company has carried out an order on behalf of a client it shall, in respect of that order: (a) promptly provide the client, in a durable medium, with the essential information concerning the execution of that order; (b) send a notice to the client in a durable medium confirming execution of the order as soon as possible and no later than the first business day following execution or, where the confirmation is received by the investment firm from a third party, no later than the first business day following receipt of the confirmation from the third party.

8.10.2. Confirmations for all Transactions that we have executed on your behalf on that trading day will be available on the mobile app, which are updated online as each

Transaction is executed. The Trading Platform also includes details of the clients' cash position and margin level.

8.10.3. Confirmation of execution and statements of your Account(s), in the absence of manifest error, shall be deemed correct, conclusive and binding upon you if not objected to within three days by e-mail if orders were placed through the CAPITAL.COM Online Trading Platform.

8.10.4. In cases where the prevailing market represents prices different from the prices posted online by the Company on the Website and the mobile app, the Company will attempt, on a best efforts basis and in good faith, to execute Market Orders on or close to the prevailing market prices. This may or may not adversely affect Client's realized and unrealized gains and losses.

8.11. Improper or Abusive Trading

8.11.1. The Company's objective is to provide the most efficient trading liquidity available in the form of streaming, tradable prices for most of the financial instruments we offer on the CAPITAL.COM Online Trading Platform. As a result of the highly automated nature of the delivery of these streaming, tradable prices, you acknowledge and accept that price misquotations are likely to occur from time to time.

8.11.2. Should you execute transactions falling within the definition of Market Abuse or execute trading strategies with the objective of exploiting such misquotation(s) or act in bad faith, the Company shall consider this as unacceptable behavior.

8.11.3. Should the Company determine, at its sole discretion and in good faith, that you are taking advantage, benefitting, attempting to take advantage or to benefit of such misquotation(s) or that you are committing any other improper or abusive trading act such as for example:

- a. fraud/illegal actions that led to the transaction;
- b. orders placed based on manipulated prices as a result of system errors or system malfunctions;
- c. arbitrage trading on prices offered by our platforms as a result of systems errors; and/or
- d. coordinated transactions by related parties in order to take advantage of systems errors and delays on systems updates; and/or
- e. orders placed with the use of inside information (i.e. abusive exploitation of privileged confidential information, the misuse of information or directors trading shares of their own companies);

then the Company will have the right to:

- i. adjust the price spreads available to you; and/or
- ii. restrict your access to streaming, instantly tradable quotes, including providing manual quotation only; and/or
- iii. obtain from your Account any historic trading profits that you have gained through such abuse of liquidity as determined by us at any time during our trading relationship; and/or
- iv. reject an order or to cancel a trade; and/or
- v. immediately terminate our trading relationship.

8.12. Prohibited Trading

8.12.1. 8.12.2. Should the Company consider that the employee and/or former employee is trading with any brand of the Company without the Company's prior written approval personally and/or via a third party we shall consider all the trading to be abusive and/or improper trading. In such circumstances, the employee and/or former employee's Account(s) and all open positions shall be closed immediately and any funds held within the Account shall be confiscated.

8.12.3. No business associate or former business associate of the Company or any of its related entities shall, during the period of the agreement between the associate/former business associate and the Company and after termination of such agreement, become a Client of any brand of the Company (either directly or indirectly, alone or with partners, associates, affiliates or any other third party) without the Company's prior written approval.

8.12.4. Should the Company consider that the associate/former business associate is trading with any brand of the Company without the Company's prior written approval personally and/or via a third party we shall consider all the trading to be abusive and/or improper trading. In such circumstances, the relevant associate/former business associate's Account(s) and all open positions shall be closed immediately and any funds held within the Account shall be confiscated.

8.13. Disabling and Cancelling Deposits

8.13.1. We have the right not to accept funds deposited by you and/or to cancel your deposits in the following circumstances:

8.13.2. In case of cancelled deposits, and if there is not a confiscation of your funds by a supervisory authority on the grounds of money laundering suspicion or for any other legal infringement, your funds will be returned only to the bank account that they have been initially received from.

8.14. Performance and Settlement of transactions

You will promptly deliver any instructions, money, or documents deliverable by you under a Transaction in accordance with that Transaction as modified by any instructions given by us.

The Company shall proceed to a settlement of all transactions upon execution of such transactions.

Following execution of the order, we will send you an electronic confirmation in respect of that Transaction as soon as reasonably practicable, and in any event within the time required by the relevant laws and regulations.

Consent

You consent to receive all Account information, Trade Confirmations and Account Statements through the internet, which is considered as durable medium. If you no longer wish to receive such information through electronic means, you must notify us and revoke this consent in writing. However, if you revoke your consent, your access to our Trading Platform may be restricted or terminated, at our sole discretion.

8.15. Position Limits and Position Close-outs

We may require you to limit the number of open positions which you may have with us at any time and we may in our sole discretion close out any one or more Transactions in order to ensure that such position limits are maintained.

We may require you to close any of your positions which you may have with us and which may be or have been affected by Corporate actions or product termination due to low/no liquidity, no price provider or other relevant reasons, or we may in our sole discretion close out any of such positions at last available prices.

8.16. Withdrawals

Without prejudice and subject to these Terms and all Applicable Laws and Regulations funds may be withdrawn by you from your Account once your withdrawal request is processed and approved, provided that such funds are not being utilized for margin purposes or have otherwise become owing to us, and there is a remaining positive balance on your Account.

We will process your request to withdraw funds on the same day that the request was received, or the next working day if your request is received outside of our normal business hours.

Your withdrawal request will be processed by us and sent to the same bank, credit card or other source for execution owned by you. No Account withdrawals to third parties will be processed by the Company.

If you request a withdrawal of funds from your Account and we cannot comply with it without closing some part of your open positions, we will not comply with the request until sufficient positions are closed and we have established that you have a positive balance on your Account to make the withdrawal.

8.17. Inactive and Dormant Account

8.17.1. The Client acknowledges and confirms that any Account(s), held by him/her with the Company where the Client has neither opened nor closed positions for a period of ninety (90) days and more, shall be classified by the Company as an Inactive Account ("Inactive Account").

8.17.2. Any Account that is not an Inactive Account shall be classified by the Company as an active Account ("Active Account").

8.17.3. The Client further acknowledges and confirms that such Inactive Accounts will be subject to a monthly charge of 10 USD (or the equivalent of the same in one of the Base Currencies), relating to the maintenance/administration of such Inactive Accounts.

8.17.4. The Client further agrees that any Inactive Accounts, holding zero balance/equity, shall become dormant ("Dormant Account"). For the re-activation of Dormant Accounts, the Client must contact the Company and inform of the Client's

wish to reactivate the Dormant Account. The Client's Dormant Account will then be reactivated (subject to, if required, up-to-date Know Your Client documentation provided to the Company by the Client) and become an Active Account.

8.17.5. Where the Client has not done the following with the Active Account reactivated from a Dormant Account:

- a. place an order;
- b. open or close positions; and/or
- c. make a deposit into the Client's Account;

for a period of ninety (90) days and more, this Active Account will once again become a Dormant Account.

8.18. Negative Balance Protection

It is possible for adverse market movements to result in the loss of more than your Account balance, so that it becomes negative. If this is the case, we will bear the negative consequences of such adverse events and any of your losses will be limited to your then current Account balance. It is noted that the negative balance protection applies on an account basis and therefore the maximum loss for the clients on an account basis never exceeds the clients' available funds in the specific account.

For the benefit of the Company's clients, the Company has implemented a "no negative balance" protection program, on an account basis, whereby the Client cannot lose more than his/her investment.

8.19. Corporate Events

8.19.1. The Client has no rights or obligations in respect of the underlying instruments or assets relating to his/her CFD. Specifically, in case of an equity CFD you will not receive any voting rights. However, the underlying instrument can be affected by various Corporate Events. A "Corporate Event" is any action or event, whether temporary or otherwise, in relation to an underlying asset(s) of the CFD, or in relation to the issuer of an underlying asset(s) of the CFD, which would have an effect on the value, legal characteristics or ability to trade the underlying asset(s) or the CFD based on or referencing such underlying asset(s), including: distributions or the grant of entitlements to existing holders of rights in the underlying asset(s), dividend payments, the granting of rights to purchase, subscribe or receive any underlying asset(s) (whether for free, on preferential payment terms or otherwise) or cash, placings, rights issues, bonus/scrip issues, capitalization issues and similar issues, mergers or takeovers relating to the issuer of the underlying asset(s), sub-divisions, splits, reductions (including share buy-backs), consolidations, reclassifications, restructurings, cancellation or suspension of listing of the underlying asset(s) or the issuer of the underlying asset(s), and any action or event analogous to any of the

foregoing or otherwise that may have a diluting or concentrative effect on the value of the underlying asset(s) of the CFD.

8.19.2. In case a Corporate Event will occur while the Client is holding an open CFD position or has a pending order affected by such event, we will endeavor to notify the Client in advance of such Corporate Event, accomplished or yet to occur, as soon as it is reasonably practicable, and ask him/her to close the relevant position(s) and cancel the affected pending orders before that Corporate Event occurs, but we reserve the right to close the relevant position(s) at the last available price and cancel the affected pending orders without prior notification, at our sole discretion. If the Client fails to do so, we will close any Client CFD position(s) to be affected by the forthcoming Corporate Event at the then prevailing market prices and suspend any affected orders of the Client before that Corporate Event takes place. Closing of Client's CFD position(s) affected by a Corporate Event will not take place in case of dividend payments related to underlying equities. In this case adjustments will be made to the Client's Account, such adjustment will be calculated by the Company based on the size of the dividend, the size of Client's position, taxation and whether it is a buy or a sell trade. For more details please see paragraph 5.14.

We treat all funds received from you or held by us on your behalf ("Client Money") in accordance with the requirements of the Client Money Rules.

As per the provisions of this Agreement funds belonging to the Client that will be used for trading purposes will be kept in an account with a credit institution used to accept funds which the Company will specify from time to time and will be held segregated from the Company's own funds.

10.2. Interest

You, the Client, acknowledge and confirm that no interest will be received on the balance of your Account.

10.3. Overseas Banks

10.3.1. We may hold Client Money on your behalf within the European Economic Area. The funds will be kept in bank accounts denominated as client funds and clearly segregated from the Company's own funds.

10.3.2. Client Money deposited may be kept in one or more omnibus accounts with any authorised credit institution used to accept funds which the Company will specify from time to time and will be held in the Company's name.

10.3.3. We will not be liable for the insolvency, acts or omissions of any third party referred to in this Part.

10.3.4 The Company may transfer Clients funds to the Forex Company according to the Clients consent and acceptance of the terms and conditions. By accepting the terms and conditions the client acknowledges and agrees with the fact that the Company is subject to specific regulation and supervision regarding the safekeeping of financial instruments and funds held for clients and that the Forex Company is subject to local specific regulation and supervision.

10.3.5 In accordance with part 10.3.4 of these terms and conditions the Company may transfer Clients funds to the Forex Company according to the Clients consent and acceptance of the terms and conditions. This transfer will only be executed after it has been initiated by the Client.

10.4. Due Care, Skill and Diligence

10.4.1. We deposit financial instruments held on behalf of our Clients in an account and/or accounts opened with a third party, provided that we have exercised all due care, skill and diligence in the selection, appointment and periodic review of the third party and of the arrangements for the holding and safekeeping of financial instruments.

10.4.2. With regards to the deposit of Clients Money, we exercise all due care, skill and diligence in the selection, appointment and periodic review of the credit institution, bank or money market fund where the funds are placed and the arrangement for the holding of those funds.

10.4.3. It shall be noted that we take into account the expertise and reputation of the third party as well as the legal requirements or market practices related to the holding of those financial instruments that could adversely affect our Clients' rights.

10.5. Payment Service Providers

10.5.1. The Company may keep merchant accounts in its name with payment services providers (hereinafter “PSP”) used to settle payment transactions of its Clients. However, for the avoidance of doubt, it is noted that such merchant accounts are not used for safekeeping of Client Money but only to effect settlements of their payment transactions.

10.5.2. Your Client Money is being processed through accounts maintained in the following PSPs: “ECOMMPAY LIMITED”, an authorized payment institution regulated by the UK Financial Conduct Authority; “SafeCharge Limited” an electronic money institution authorized and regulated by the Central Bank of Cyprus ; “WorldPay(UK) Limited”, “WorldPay Limited” and “WorldPay AP Limited”, authorised payment institutions regulated by the UK Financial Conduct Authority.

10.5.4. We will not be liable for the insolvency, acts or omissions of any PSP referred to in this Part.

10.6. Denomination of Client Funds Accounts and Segregation from the Company’s Own Funds

We shall take all necessary measures in order to ensure that any of the Clients’ financial instruments deposited with a third party are identifiable separately from the financial instruments belonging to the Company and from the financial instruments belonging to that third party, by means of differently titled accounts on the books of the third party or other equivalent measures that achieve the same level of protection.

10.7. Diversification of Risks

We shall ensure, where deemed necessary, the diversification of the Clients’ financial instruments and funds, for example the maintenance of accounts with several third parties.

10.8. Omnibus Account Risk

10.8.1. The Company may hold client funds in omnibus accounts within third party financial and credit institutions. In this respect, the Client is warned that there is a risk of loss emanating from the use of omnibus accounts in financial or credit institutions. In such case it may not be possible to distinguish if the particular Client funds are held by a certain financial or credit institution. Omnibus accounts may also hold other types of risks including legal, liquidation risk, haircut risk, third party risk and etc.

10.8.2. In the event of insolvency or any other analogous proceedings in relation to a financial or credit institution where client funds are held, the Company (on behalf of

the Client) and/or the Client may only have an unsecured claim against the financial or credit institution, and the Client will be exposed to the risk that the money received by the Company from the financial or credit institution, is insufficient to satisfy the claims of the Client with claims in respect of the Account. The Company does not accept any liability or responsibility for any resulting losses so in the unlikely event of default the proportionate loss shall affect all of the Company's Clients' monies held in omnibus accounts with the financial or credit institution. To mitigate this risk the client funds are being held in few reputable financial or credit institutions and constant exposure monitoring is taking place.

10.9. Unclaimed Client Money

You agree that we may cease to treat your money as Client Money if there has been no movement on your balance for six (6) consecutive years. 11.1.3. You may be required to make further variable payments by way of margin against the purchase price of the CFD, instead of paying (or receiving) the whole purchase (or sale) price immediately.

11.1.4. The movement in the market price of the CFD will affect the amount of margin payment you will be required to make.

11.1.5. We will constantly monitor your margin requirements and we will inform you as soon as it is reasonably practicable of the amount of any margin payment required under this Part.

11.6. Further Assurance

11.7. Negative Pledge

14.1. Rights on Default

On the occurrence of an Event of Default, we may exercise our rights under this Part, except that in the case of the occurrence of an Event of Default specified in Clause 13.1 (e) (a “Bankruptcy Default”), the automatic termination provision of this Clause shall apply.

14.2. Liquidation Date

Subject to the following Clause 14.3, at any time following the occurrence of an Event of Default, we may, by notice to you, specify a date (the “Liquidation Date”) for the termination and liquidation of Transactions in accordance with this Part.

14.3. Automatic Termination

The date of the occurrence of any Bankruptcy Default shall automatically constitute a Liquidation Date, without the need for any notice by us and the provisions of the following Clause 14.4 shall then apply.

14.4. Calculation of the Liquidation Amount

14.4.1. Upon the occurrence of the Liquidation Date:

- a. neither of us shall be obliged to make any further payments or deliveries under any Transactions which would, but for this Part, have fallen due for performance on or after the Liquidation Date and such obligations shall be satisfied by settlement (whether by payment, set-off or otherwise) of Liquidation Amount (as defined below);
- b. we shall (on, or as soon as reasonably practicable after, the Liquidation Date) determine (discounting if appropriate), in respect of each Transaction a total cost, loss or, as the case may be, gain, in each case expressed in the Base

Currency of your Accounts (and, if appropriate, including any loss of bargain, cost of funding or, without duplication, cost, loss or, as the case may be, gain as a result of the termination, liquidation, obtaining, performing or re-establishing of any hedge or related trading position) as a result of the termination, pursuant to these Terms, of each payment or delivery which would otherwise have been required to be made under such Transaction (assuming satisfaction of each applicable condition precedent and having due regard, if appropriate, to such market quotations published on, or official settlement prices set by the relevant exchange as may be available on, or immediately preceding, the date of calculation); and

- c. we shall treat each cost or loss to us, determined as above, as a positive amount and each gain by us, so determined, as a negative amount and aggregate all of such amounts to produce a single, net positive or negative amount, denominated in the Base Currency of your Account (the "Liquidation Amount").

14.5. Payer

If the Liquidation Amount determined pursuant to this Part is a positive amount, you shall pay it to us and if it is a negative amount, we shall pay it to you. We shall notify you of the Liquidation Amount, and by whom it is payable, immediately after the calculation of such amount.

14.6. Other Transactions

Where termination and liquidation occurs in accordance with this Part, we shall also be entitled, at our discretion, to terminate and liquidate, in accordance with the provisions of this Part, any other transactions entered into between us which are then outstanding.

The Liquidation Amount shall be paid in the Base Currency of your Account by the close of business on the Business Day following the completion of the termination and liquidation under this Part (converted as required by applicable law into any other currency, any costs of such conversion to be borne by you, and (if applicable) deducted from any payment to you). Any Liquidation Amount not paid on the due date shall be treated as an unpaid amount and bear interest, at the average rate at which overnight deposits in the Base Currency of such payment are offered by major banks in the London interbank market as of 11.00 am (London time) (or, if no such rate is available, at such reasonable rate as we may select) plus one (1%) per annum for each day for which such amount remains unpaid.

14.8. Payments

Unless a Liquidation Date has occurred or has been effectively set, we shall not be obliged to make any payment or delivery scheduled to be made by us under a Transaction for as long as an Event of Default or any event which may become (with

the passage of time, the giving of notice, the making of any determination hereunder, or any combination thereof) an Event of Default with respect to you has occurred and is continuing.

14.9. Additional Rights

Our rights under this Part shall be in addition to, and not in limitation or exclusion of, any other rights which we may have (whether by agreement, operation of law or otherwise).

This Part applies to each Transaction entered into or outstanding between us on or after the date these Terms takes effect.

PART 15. RIGHTS ON DEFAULT

- b. to sell such of your investments as are in our possession or in the possession of any nominee or third party appointed under or pursuant to these Terms, in each case as we may in our absolute discretion select or and upon such terms as we may in our absolute discretion think fit (without being responsible for any loss or diminution in price) in order to realise funds sufficient to cover any amount due by you hereunder;
- c. to close out, replace or reverse any Transaction, buy, sell, borrow or lend or enter into any other Transaction or take, or refrain from taking, such other action at such time or times and in such manner, as at our sole discretion, we consider
